## Dog Stay House Rules

1. Please do not leave your dog unattended in your room. If you need to do so, be sure to keep the dog inside their cage or carry bag. Please note that rental cages are not available. We do not grant stays to dogs that cannot stay calm or bark incessantly.
2. Please do not allow your dog to get up on the bed, sofas or other furniture.
3. Please be careful not to damage the building, furniture, fixtures, etc. Please note that any damages will be subject to repair and payment by the guest.
4. If your dog has been walking on the ground before entering the building, please wipe your dog's feet before entry.
5. Dogs can freely roam inside guest rooms only. Please be careful not to let your dog freely roam in the corridors.
6. For small and medium-sized dogs, a carry-bag or cage should be used as much as possible for transit outdoors (daily walks are of course an exception).
7. If your dog is a medium or large dog that cannot be carried, please wipe its feet when entering the museum.
8. Please avoid exciting or irritating your dog unnecessarily where it may cause barking, running indoors etc.
9. Please keep a close eye when travelling with children - be sure to not leave them unattended.

10. If you are travelling with a dog toilet seat, please place it on top of the human toilet seat when in use. When taking your dog to use the bathroom outdoors, please guide them to go in the dog run, on soil or gravel. Please try to avoid poles, decks, wood chipped areas, concrete and lawns.
11. When cleaning up after your dog, please use a poop bag and throw it in the special designated trash can in front of the reception entrance. Please do not flush it down the toilet in your room.
12. Please note that lawn mowing takes place each day between 9:30-17:30 to maintain the lawn and environment on the premises.
13. If the dog accidentally goes to the bathroom on the floor in the guest room, please clean up immediately and hygienically.
14. If the dog goes in a common area, please clean it appropriately and notify staff immediately.
15. Please be informed that the regular housekeeping will not be provided if there is a dog stay, and the cleaning service is not able to be rescheduled.
16. Please note there is no pet daycare service at the facility.
17. Please do not shampoo, bathe, trim or brush your dog in the guest room.
18. Other than in the dog run, dogs should always be on a leash when walking outside and in common areas.
19. The dog run is open only during the summer season and is closed during the winter.
20. The onsite dog run is free to use, but please carefully read the relevant signage before use.
21. Please do not leave dogs alone in the dog run.
22. Please do not bring training equipment, toys and food into the dog run.
23. Please do not leave your dog unattended in a car - in Hokkaido, temperatures can get lethally hot and unbearably cold inside cars.

I hereby understand and agree to the above rules.
